Aisea Rainima

"As I prepared to embark on my academic journey to Indonesia, I was honored and excited to have the opportunity to further my studies at one of the country's most prestigious institutions, Universitas Indonesia. While adapting to a new culture and way of life initially presented challenges. This experience not only enriched my academic work but also deepened my understanding and appreciation of Indonesian culture.

As a final thought, I leave you with this guiding principle: "If you can think it, you can achieve it." Remain steadfast in your pursuit of excellence, and do not allow any obstacles to deter your aspirations. My sincere gratitude goes to Universitas Indonesia for the profound impact it has had on my academic and professional growth — an experience I will always cherish."

Beyond academics, living in Indonesia has been a beautiful cultural journey. The friendliness of the people, the vibrant traditions, and even the local cuisine have made my stay memorable.
